LIBERAL REPUBLICAN AND DEMOCRATIC STATE NOMINATIONS.

We learned last evening by special dispatch from Mr. M. McCuskey, delegate from this county, the names of the gentlemen nominated by the Convention at Reno yesterday. From the promptness with which the nominations were made we cannot doubt that the utmost harmony prevailed. Hon. C. W. Kendall, our present worthy Representative, was nominated for re-election to Congress. Our fellow-townsmen, Col. C. W. Lightner, was nominated for Presidential Elector, and Henry Rives, Esq., of Pioche, was nominated for alternate. Gen. R. M. Clark, Chairman of the Liberal Republican State Central Committee, is also on the ticket for Elector. Hon. Wm. M. Seawell, of Esmeralda county, Judge of the Third Judicial District, was nominated for Justice of the Supreme Court, and J. C. Lewis, of the Reno Crescent, for State Printer—a pioneer newspaper man in this State, and a gentleman who stands high in the estimation of all parties who know him. The positions on the ticket are pretty well divided between the Liberal Republicans and the Democrats, and it is not too much to say that the Republicans will have to nominate their best men to carry the State against a ticket so fully chosen.

THE INDIAN QUESTION.

Rev. C. A. Bateman, U. S. Indian Agent for Nevada, submits the following interrogatories in regard to the "wars of the nation" which some body in this section of country may be able to answer:
 What tribe of Indians (if any) are represented in your community?
 What number of Indians are thereabouts?
 What are they doing and how prospering?
 Are all peaceable and contented?
 What number of whites (if any) are represented in your community?
 What number of them have been killed by Indians?
 What number of whites have been killed by whites?
 What number of Indians have been killed by Indians during the last year?
 What number of Indians have been killed by whites?
 What number of Indians have been killed by Indians during the last year?
 What number of Indians have been killed by whites?
 What number of Indians have been killed by Indians during the last year?

DEMONSTRATION.

In reply to an inquiry from the Secretary of the Interior desiring an official opinion on the right to acquire lands producing diamonds under the Act of Congress to promote the development of the mineral resources of the United States, approved May 10, 1872, Attorney General Williams says individuals or corporations can acquire title to such lands under the Act referred to in the same manner as other mineral lands. It is doubtful, however, whether the diamond lands now attracting attention can be acquired under the Act mentioned. The Santa Fe correspondent of the Sacramento Union warns people against investments in diamond lands there. He says they are located in New Mexico, but west of the divide, and in the Indian territory proper—that is, in and on the Navajo Reservation. He avers that they are not Government lands, but belong to the Navajo Reservation, and cannot be bought or sold without special Act of Congress.

A CORRESPONDENT OF THE VIRGINIA CHRONICLE.

writing from Pueblo, Colorado, September 8th, says that a party of fifty men, with a splendid outfit (hired by the New York Diamond Company at Denver) crossed the Arkansas river on the 8th; C. P. Stanton from San Francisco crossed on the 7th, and the Harpending and Roberts party of twenty men crossed on the 8th—all pushing ahead for the diamond fields.

The Reno Convention!

LIBERAL REPUBLICAN AND DEMOCRATIC STATE TICKET.

Reno, September 18.—The Liberal Republican and Democratic State Convention met this morning, and organized by the election of H. C. Street, of Elko, as Chairman. The following nominations were made: For Congress—C. W. Kendall; for Presidential Electors—C. W. Lightner, R. M. Clark and W. N. Stone; Alternates—L. I. Hogle, James St. Clair and Henry Rives; Justice Supreme Court—Wm. M. Seawell, of Esmeralda; State Printer—J. C. Lewis.

Judge Geo. G. Berry was chosen

Chairman of the State Central Committee.

San Francisco, September 18.—The

new City Hospital, costing \$150,000, is completed today. It is one of the finest buildings of the kind in the United States.

EASTERN.

SOLDIERS' AND SAILORS' CONVENTION.

Pittsburg, September 17.—At the afternoon session of Soldiers' and Sailors' Convention S. Lator Wilson was present. His appearance was greeted with wildest enthusiasm. He addressed the Convention, thanking them for their generous welcome, expressing joy at meeting so many of the brave men who had saved the country, and referring to the commencement of the war declared that the Union soldiers were not actuated by hatred, but love of country, love of liberty and love of the people of the whole country. He added: To-day you meet to do something more to perpetuate what you won on the battle-field for your country. You come here today, gentlemen, to encourage your countrymen who are striving to carry out what you fought to establish. May God bless and prosper you in these efforts. I am sure your courage and example will inspire our countrymen and help them win a glorious victory for the great party to which we belong—the party of patriots and the party of liberty in America. Senator Wilson's remarks were greeted with immense applause. It was resolved that the Convention send greetings to President Grant, with assurances that they would give him their unanimous support in November. A dispatch was received from the ex-Confederate soldiers of Louisiana, stating that the war would never have occurred but for the promises held out by the party now supporting Greeley, and repudiating the Cincinnati-Baltimore coalition; also honoring the magnanimity of Grant to Lee and the soldiers of the Confederate army. The Convention was addressed by Gen. Logan, John A. Garfield and Stewart L. Woodford, and adjourned till tomorrow.

MISCELLANEOUS.

Washington, September 18.—Attorney

General Williams has received a dispatch from United States Attorney Wells at Holly Springs, Mass., stating that the United States Marshal had captured David Flynn, a notorious counterfeiter of gold coin, and one of his accomplices, with all their tools and a great quantity of manufactured coin. Flynn has been a counterfeiter for forty years.

It reports to the Agricultural Department

for September show that the cotton crop will be ten per cent. below the average, but better than that of last year.

Henry Reilly, Consul-General in this

country for the Orange Free State, Africa, died at Philadelphia today.

THE LONDON PRESS ON THE GENOVA

AWARD.

London, September 17.—Tory journals are bitter over the result of the Geneva Arbitration. The Advertiser says: "What a farce has been played at Geneva, where England was adjudged to pay tribute to a bully who repudiates its own obligations. America is not yet contented with the settlement of claims against England."

The Herald breathes a sigh of relief

and hatred to America, and says the breach between the two countries has only been widened. Of course had the arbitrators decided upon a larger sum of indemnity England would pay it; if they had awarded nothing America could only show her teeth.

The Standard comments upon the

award in a similar strain.

GENERAL NEWS.

It is reported that the Princess Beatrice is betrothed to the Marquis of Stafford. She is in her sixteenth year, and the Marquis is in his twenty-second.

The boiler of a locomotive attached to

a train standing at a station in the town of Bray, Ireland, exploded yesterday, demolishing the station house and killing two men.

There was a collision last night

between two trains near Glasgow, by which a number of cars were wrecked and burned. Two persons were killed and several wounded.

New York, September 18.—The Her-

ald's special from Bombay says: Letters had been received from Dr. Livingstone, dated July 1, 1872. He was still at Umtamvuba; was well, and waiting the arrival of Stanley's second expedition.

The Oregon Legislature met at Salem

on Monday, the 9th.

From a digest of recent law decisions,

compiled specially for the Sacramento Record, we copy the following:

If a seller knows of a defect in his

property which the buyer does not know, and if he had known would not have bought the goods, and the seller is merely silent, his silence, although a moral is not a legal fraud. By the common law, one is not bound to disclose all that he knows of goods he sells, which lessens the value of the property. He may be silent, leaving the purchaser to inquire and examine for himself, or to require a warranty. But if by acts, or words, he leads the buyer astray, inducing him to suppose that he buys with warranty, or otherwise preventing his examination or inquiry, this becomes a fraud, of which the law will take cognizance.

A bought a horse of B. Not trusting

to the assertions of the latter, took a man of skill with him to examine the horse, and after the examination and exposure of the defects known to the seller had been disclosed, the sale was made. Held that A, the purchaser, had no remedy for alleged fraud upon the sale. These points were decided by the Supreme Court of New York, and will appear in the sixty-second volume of Han. O. L. Barbour's Report.

LAND DECISIONS.—The Register of the

Land Office at Austin, says the Reville, has just received the decision of the Commissioner in the matter of George F. Bragg for a patent to 2,000 feet of the Hamburg lake, situated in the Eureka Mining District, Lander county. He rules adversely to the protest of Wm. H. Clarke, on the ground that the Hamburg lake has the priority of title, and that said adverse finding does not constitute an adverse claim either to the lake or the surface ground, as is contemplated by the sixth section of the mining statutes. He also decides adversely to the protest of S. A. Hoge, Geo. W. K. K. K. and Selden Hetzel for the same reason as in the case of Clarke. The protesting parties are allowed sixty days for appeal to the Secretary of the Interior.

Miss Ida Greeley is a brunette of the

pale, clear-complexioned type, has bright, dark eyes, full, red lips, features very like her father's, and an abundance of black hair; is quite petite, looks very young, and has all the simplicity of manners of her philosophical relative, Horace, combined with a certain elegance and dignity that are as charming as indescribable. She is a trapezoid in her toilet, discarding all fashionable modernities. She is a Catholic, having been educated in the Convent of the Sacred Heart. All the above is told by a lady correspondent of the N. Y. World, who has been visiting the fair land at Chippewa, and finding out all about her.

Late advices report the discovery of

rich mines in the Goose Creek range of mountains in the eastern part of this State. All who crossed the Plains by team or otherwise, in early days, will remember the locality.
